ALL FINALS SYSTEM

Rule 301

All Finals System

The 'All Finals System' is a Qualification Process through which all participants qualify from their first preliminary round up to a Final.

During each qualifying round, except the first qualifying round, there are different groups in which the athletes participate. The group with the highest ranked skaters is called Group A. All other groups are subsequently called B, C, D, etc.

The lower rank groups will always skate first.

After each Qualifying Round/Group a part of the participants qualify for the corresponding high group in the next round and the remaining participate for a lower group.

Depending on the qualifying schedule the next group for which one has qualified might not be a part of the next qualifying round. In that case the respective athletes move directly to the next qualifying round.

If there are 2 skaters to qualify for the lowest Final then this Final will be skated as normal. If there is 1 skater to qualify for the lowest final then this final will not be skated but the respective Ranking will be awarded.

Number of Skaters per Race

The maximum number of skaters in quarter finals, semi-finals and finals is limited for each category following the principles of I.S.U. Rule 282, paragraph 2 for the Top Level Races of the All Finals System only. In all other Races the Number of Skaters may be higher depending on the number of Entries.

Distance	Round	Jun A	Jun B	Jun C	Novice	Star	Senior
500	Fin	4	4	4	4	4	4
500	SF	4	4	4	4	4	4

1000	Fin	4	4	4	6	4	4
1000	SF	4	4	4	6	4	4
1500	Fin	6	6	6		6	6
1500	SF	6	6	6		6	6

Points

5. a) Final Points will be awarded in the final of the highest Group 'A' races only. No points will be awarded to Skaters in case of a penalty, yellow card or failing to finish the race;

b) The points 34, 21, 13, 8, 5, 3, 2 and 1 are awarded in descending order commencing with first place;

c) In the case of a tie, the points are determined by combining the points of the positions involved and equally distributing to the respective participants.

Seeding Procedure

For the first round of the first distance the participants with a ranking in the StarClass or DanubiaCup Classifications will be seeded first according to this ranking. Then the skaters will be seeded on the basis of the personal best time supplied with the Final Entries.

For Juniors A,B,C and Novice categories the first round of the first distance the participants will be seeded on the best 500m supplied with the final entries.

For all other qualifying rounds the Seeding Procedure for the Top Level Races of the All Finals System shall be in accordance with I.S.U. Rule 296. The Competitors Steward will make up the races of the Lower Level Races of the All Final System as much as possible in conformity with I.S.U. Rule 296.

Distance Classification

For each of the distances a classification will be made in which the participants are ranked:

- by group/block; Finalists, Semi-Finalists, Quarter-Finalists, etc.;
- by position (finish place) within the respective group;
- by position (finish place) within the subsequent previous qualifying round;
- by best time in any race over the distance concerned.

Skaters who are disqualified or failed to finish in the first round will be ranked last with a ranking equivalent to the number of competitors plus 1.

Overall Classification

a) For the Final Classification (and the current overall classification) the Skaters having scored Final Points and having qualified for the Super Final, are ranked first:

- by total number of Final Points;
- by position (finish place) on the Super Final;
- by combined ranking over all Distance Classifications;
- by the highest ranking achieved in one of the distances and subsequent other best rankings;
- by best time over the longest distance on the program.

STARCLASS COMPETITIONS

Rule 601

Designation of StarClass Competitions

In order to be designated as a StarClass Competition the organizers must agree that the respective international competition will be held in accordance with these agreements, made by Western European Members of the ISU on the occasion of their Annual Planning Meeting.

For StarClass Competitions the organizers must provide sufficient ice time over 3 days. Between the start and the finish of the competition no other activities should be scheduled on the ice. In other words the ice must be available from early Friday afternoon until late Sunday morning.

The organizers of the international competitions, designated as StarClass Competitions, must have proven experience and their Competitions must have been held for a number of years and/or have been proposed by the Coordination Group.

During the Annual Planning Meeting these competitions are designated.

Organizers of international Competitions can apply to have their competition designated as 'StarClass' Competition.

Once a Star Class Competition has been allotted the respective ISU Member must communicate the competition as international Competition to the ISU General Director (see ISU Regulations Rule 104).

Organization

The Organizers of StarClass Competitions are expected to do their utmost to prepare a high level Competition. In this respect it is expected that :-

- In due time before the Competition a good Press Release is distributed to Local Press and Media
- The Competition uses the StarClass Logo
- That some form of sponsoring is obtained
- The Results are sent to the Press on each day of the Competition
- An Awards Ceremony is held according to ISU Procedures only for the places 1 –2 –3 of the Overall Classification. - Skaters should be on the platform in the Official dress of club or country (warm-up uniform), and not in jeans!
- An Information booklet is available for spectators.
- Information is being sent to Local Schools duly before the Competition
- At least one protocol for each participating club is made available.
- The results are published on the Internet
- Opening Ceremony is held with the national anthem of organizers.
- The ice-rink should be exclusively dedicated to the Starclass competition from Friday 9 a.m. to Sunday 3 p.m.. No other event should be scheduled during the week-end (no hockey, public sessions, etc) to allow for equipment to be left safely overnight.
- Track stewards must be experienced skaters, must wear helmet covers and be dressed appropriately. They should know the essential requirements for a Short Track competition and for good ice preservation.
- Board padding must be of high quality for the safety of the skaters. Pads must be fastened to one another and tied to the boards.
- Essential food and drinks must be provided for free to the skaters.
- Organizing committees whose venues are located far from airports, railways, motorways, must provide transport from a convenient location, easy to reach by all teams, at a very reasonable cost.

Coordination Group

In order to coordinate the activities of the Organizers of ‘StarClass’ Competitions and to decide on unforeseen matters arising in between European Annual Planning Meetings, a Coordination Group is appointed annually at the European Annual Planning Meeting. This group is responsible to coordinate the ‘StarClass’ series of competitions, to monitor and decide upon the entries in liaison with the organizers, they also adjudicate over any questions or queries that may arise.

Further a group, consisting of representatives of West and East Europe will observe and guide the Qualifying and Invitation process for the final.

Communication

Each Organizer of a ‘StarClass’ Competition will designate a liaison person who will be the first contact for the Coordination Group. Similarly each Member may also designate a liaison person. All Communication will preferably take place by email.

Applications for Star Class Competitions

Applications for Competitions must be made to the Coordination Group in due time for the annual planning Meeting, accompanied by a statement of the suggested dates and place.

- h) The starting times on each day may be determined by the organizing committee. Each day's program can be divided in two parts. Semi-finals and finals must be in one part and not separate. When each part (session) starts it will be held without any intermission or breaks other than to resurface the ice or give the athletes the rest time according to Rule 295, paragraph 2.
- i) Relays Races may be added to the program and must have a demonstrational character. No awards may be given for these Races. Teams may be mixed, boys and girls, and formed from all categories.

Qualification

Skaters may be entered who have attained any one of the Qualifying Times in a Mass Start Competition. (Listed on a Members Calendar, ISU International Calendar and ISU events.)

Proof must be supplied by submitting time, date and venue of the Event.

These entries will be checked by the StarClass Coordination Group.

Only times skated within the current or the preceding season will be accepted as qualifying times.

Only senior skaters or juniors who have achieved the time limit for the StarClass category have the option to participate in either the StarClass or Junior age categories. This decision can only be taken at the beginning of the season, but it is strongly recommended for Juniors to skate in their Age category.

Juniors who have not achieved the StarClass Time Limit can only skate in the category to which they, on the basis of their age belong, provided the respective time limit has been complied with.

Only participants in the A, B, C and Novice Junior categories are able to qualify for the Junior Europa Cup.

Conditions of contest

- For the Overall Classification points (Final Points) are only awarded in the Final 'A'.
- The final classification will be made according to Rule 295, paragraph 8;
- For each of the distances a classification will be made according to Rule 295, paragraph 6 and 7.

Winner(s)

The overall winner is the Skater having attained the highest rank according to Rule 295, paragraph 8, at the conclusion of the Competition;

StarClass Classification

Each StarClass Competition is concluded with an Overall Classification. On the basis of this Overall Classification the participants are awarded points for the StarClass Classification. These points and all related procedures to determine the StarClass Classification are equal to the points and procedures for World Cup competitions. See the respective ISU Communication. Skaters that were entered but did not start will not receive any points.

The StarClass Classification, which is the basis to qualify for the Final, will be calculated following the principles of the World Cup Series with the addition that the best 2 results will count.

Rule 603

Expenses

- For Star Class Competitions the costs of Board and Lodging are the responsibility of the participants.
- Organizers are required to announce various possibilities for board and lodging close to the competition site. The costs of Board and Lodging should not exceed the amount of 50 euro per person per night. Should the official hotel not be within walking distance of the rink or easy to reach by public transport, the organizers must provide shuttle buses between the hotel and the rink.
- For Star Class Competitions the organizing Club, or the Member to which it is affiliated, may provide or pay the expenses for travel, room and meals of all competitors and as many officials of those Members invited to participate as it desires to invite, but is not required to do so.
- Organizers must check if the ambulance service to the closest hospital has a cost, in which case this should be indicated in the announcement

ALL FINALS SYSTEM

Rule 604

All Finals System Sanctions (StarClass Competitions)

Due to the All Final Systems sanctions are implemented differently. A skater having a penalty in a qualifying round will be allowed to skate in the next round, but on a level one stage lower than if she/he would have finished last in her/his race.

At the same moment, the best skater from that lower level (i.e. the heat-winner with the best time) is promoted to the higher level replacing the skater who received the penalty.

If two or more skaters get a penalty in the same group they will be replaced by the heat-winners in the order of the times skated. After all heat-winners are promoted to the higher level the skater who finished as second with the fastest time will

promote etc.

Skaters who have received a penalty on the same distance during a preceding qualifying round cannot be promoted.

If a skater gets a second penalty on the same distance he/she will be disqualified, i.e. be shown a yellow card. The skater will not be allowed to proceed in the All Final System for that distance.

In the case of two yellow cards in the same competition the skater will be shown a red card which means exclusion from the Competition. For red cards see the ISU Regulations.

For clarification the following table shows for each possible sanction the consequences depending on the respective round.

* Note 1: In case of a DNS for a non-medical reason, the referee, solely at his discretion, in very exceptional cases may decide that the reason for the DNS is valid (i.e. defective equipment beyond the skater's fault) and that reinstatement is possible.

* Note 2: In case of a reinstatement the skater will be allowed to compete in the next distance(s). If the reinstatement is effective at the beginning of a next competition day and (a) preliminary round(s) on a distance have been skated already on the day before, then the skater will be placed in the lowest level group of the first round that will be skated on that day

Note 3 : If a skater is not able to continue to participate due to medical reasons then this must be reported to the Referee in writing. This document can be made by a medical doctor, but it can also be written by a team leader or coach. In this case the Referee may consult the competition doctor and ask for an examination. The same procedure applies for an athlete to return into the competition.
